Forecast for Saturday 19 Dec 2020

Weather: Bands of blustery showers will push across the Brecon Beacons during Saturday, some showers will group together to give longer periods of rain. Some of the showers will be heavy with the risk of thunder at times. There will be occasional brighter or sunny intervals out with showers especially during the afternoon.

Chance of cloud free mountain/hill tops above 600m: 70%, scattered cloud will shroud the hill tops at times especially during heavier showers but this cloud will move on quite well except on some of the more westerly peaks where cloud may linger for much of the day around 500m.

Visibility: Visibility will be good out with showers however visibility will dip to moderate or poor at times in showers particularly in the afternoon.
